

# Biblical Approach to Natural Remedies\*

## Simple Treatments for Common Ailments

### Purpose:

1. Does it inspire faith in God, as presented in the Three Angels' messages?
2. Does it help them keep the physical and moral laws of God?
3. Does it work towards true healing? I.e. preserve both life and health?
4. Does it employ both hands and brain?
5. Does it employ and empower the will?

### Mechanism of Action:

6. Does it address the cause of the disease?
7. Is it in harmony with physiology?
8. Does it aid in nature's work of restoration?
9. Does it tax and debilitate the system? Does it have a harmful effect after the treatment is done?

### Origin:

10. Does it rely on spiritualism, eastern religions, Greek dualism or any other type of falsehood?

### Context:

11. Is it feasible or within our reach?
12. Is there something better to use?
